ABOUT US

Sophie Felts Floral Design specializes in nature-inspired, love-infused floral design. We are driven by your vision, your passions and your spirit. Our work is guided by the seasons. A flower in perfect bloom entrances us. In search of the freshest, most exquisite ingredients, we source first from our own cutting garden where we grow unusual and heirloom flowers. Rare foliage and blooming branches from our tree farm give structure to our larger installations.

We believe in heart-felt customer service. Our events are executed with careful attention to detail and warm professionalism. Our highest hope is to create a feeling and a moment that will take your breath away.

Our work has been featured in Martha Stewart Weddings, Washingtonian Bride & Groom, Baltimore Bride, Bethesda Magazine, The Knot, Once Wed, Style Me Pretty and many other publications.

We take pride in providing the highest quality floral experience possible. For more reviews, please see our listing on Wedding Wire.

"We absolutely loved every second of working with Sophie. I think I was most excited (and therefore particular) about the flowers at our wedding, and Sophie immediately understood what aesthetic I was going for. And she really delivered! Our flowers were so beautiful. I would seriously want to get married over and over just to see what Sophie would come up with. Oh, and she's super sweet! Could not recommend more!"

-Liz, Bride

"Two weeks later, and I am still obsessing over the incredible flowers of our wedding day. The florals centerpieces, arbor piece, mantel piece, and bouquets- you name it- were unlike anything I have ever seen. They truly took my breath away."

-Amelia, Bride

"Best florist hands down! Sophie and her crew were an absolute pleasure to work with and they made my perfect wedding vision come true! I couldn't have asked for any better! Sophie was even able to make my antler bouquet happen that I had been obsessing over for years, and made it more fantastic that I could have ever imagined. Thank you all for making our wedding the most beautiful!"

-Lyndsay, Bride
